

# Jeff McCreary

## North American Wetlands Conservation Act (NAWCA) Grants – Wetland Protection

### Biography

Jeff McCreary is the Intermountain Regional Biologist for Ducks Unlimited (DU) and joined DU in 1999. He is responsible for developing and implementing DU's conservation programs in Utah, Nevada, and Arizona. Jeff has worked with wetland conservation projects over the last nine years in a variety of different landscapes across the country. After receiving a Bachelors degree in wildlife biology from the University of California at Davis, he went on to complete a Masters degree in wetland ecology from Duke University.

→ Matching grants for wetland conservation grants \$38M this year

Could be used for Conserv. leaving

→ Habitat Joint Ventures in WA "Pacific Coasts"

can't use feed in order to be competitive  
Fed. Partnership as match but need
