

Florida Legal Issues

Biography

Georgia Vince, Environmental Specialist III, Bureau of Beaches and Wetland Resources, Florida Dept. of Environmental Protection. She has been with the Dept for five years working with the Environmental Resources Program (ERP). The (ERP) program implements the management of State Lands in association with a regulatory program. In her current position she is responsible for training staff state-wide and assisting in rule development and implementation. Her presentation will cover the following topics for Florida: House Boats, Gambling Boats, Telecommunication Line Rulemaking, Springs Rulemaking, and other emerging issues.
