

Lucia Francis-Roberts

The role Environmental Enforcement play within the Submerged Lands of the U.S. Virgin Islands

Biography

As the Director and Chief of the Division of Environmental Enforcement, Mrs. Lucia R. Francis is responsible for the day to day operation of the Division of Environmental Enforcement. She is assisted by two district Deputy Chiefs who supervise the day to day field enforcement operations, and assignments of the field conservation enforcement officers in their respective districts.

Chief Lucia R. Francis is a graduate of Santa Rosa National Park Service Law Enforcement Academy. She also holds a Bachelors of Arts Degree in Social Sciences-Secondary Education.

Abstract

In DEE's presentation, Director Lucia R. Francis and staff will present an overview of DEE's role in the management of the submerged lands, in particular the mooring areas in both territorial districts. Issues, conflicts and possible solutions will also be discussed.
