

Agency information	Name	Jeff Herter
	Title	Offshore Spatial Planning, Research and Development Director
	Agency	Ocean and Great Lakes Program, Division of Coastal Resources, NY Department of State
	Address	
	Phone numbers	(518) 408 - 4799; jeff.herter@dos.state.ny.us
	Agency web site	
	Role of agency in relation to marine boundaries, rights, interests, restrictions and responsibilities	
	Does your state maintain a central repository of marine data or marine cadastral data?	
	NYS GIS Data Clearinghouse. In addition, in 2007, PSG produced for OGLP the Oceans and Great Lakes GIS Data Catalog, which listed and collected relevant datasets not in the	
	Web address of statewide marine data or marine cadastral data repository	
	http://www.nysgis.state.ny.us/	

	Marine Entity	Relevant in your state (Y/N)	In digital spatial form (Y/N)	In central repository (Y/N)	Authoritative Source responsible for creating and maintaining data	Known problems or limitations
Marine Cadastral Reference and Supporting Data	A cadastral reference entity is relevant in your state if it exists and/or is used for boundary description and delineation. A cadastral reference network specifies corners of common control. A cadastral reference grid is a cadastral reference network arranged in grid form.					
	Cadastral reference network	N				
	Cadastral reference grid	N				OCS block grid will be extended into state waters for analytical purposes as part of offshore spatial planning
	Shoreline – high water	Y	Y		NYS GIS Clrnghs OGL Data Catalog NOAA-CSC	For offshore spatial planning, shoreline was downloaded from ? USGS Digital Line Graphs and 1:24000 Hydrography from CSCIC are possible sources Shoreline.
	Shoreline – low water					
	Tidal Datum				OGL Data Catalog	"Tides" LI Peconic Bay and LI South Shore??
	Salient shoreline points (Baseline points)					Bureau of Ocean Energy Management (formerly MMS)?
	Coastal geodetic control points	Y	Y		NYS GIS Clrnghs US Army Corps of Engineers	HARN Points Fire Island to Montauk Point Reformulation Study, Interim Design: South Shore of Long Island, 1995.
Coastal orthoimagery	Y	Y		NYS GIS Clrnghs CSCIC	Hi-res Digital Orthoimagery 2000-2007, 1-2 ft resolution. (Tidally referenced?) Also 1994-1999, 1 m resolution.	

	Marine Entity	Relevant in your state (Y/N)	In digital spatial form (Y/N)	In central repository (Y/N)	Authoritative Source responsible for creating and maintaining data	Known problems or limitations
	Bathymetry	Y	Partial	NYS GIS Clrnghs, OGL Data Catalog OGL Data Catalog	Hudson River Estuary Program Benthic Mapping, NY DEC Long Island Sound Resource Center?	No high resolution bathymetry. Hudson River Estuary Data and Maps: Hudson River Estuary Bathymetric Contours. Long Island Sound Bathymetric Countours
Marine Jurisdictional Boundaries - Lateral and Seaward	State boundaries	Y	?	NYS GIS Clrnghs	CSCIC	NYS Civil Boundaries - not known if this includes marine boundaries
	County boundaries	Y	?	NYS GIS Clrnghs	CSCIC	NYS Civil Boundaries - not known if this includes marine boundaries
	Municipal boundaries	Y	?	NYS GIS Clrnghs	CSCIC	NYS Civil Boundaries - not known if this includes marine boundaries
	Tribal boundaries	Y	?	NYS GIS Clrnghs	CSCIC	NYS Civil Boundaries - not known if this includes marine boundaries
Lands Under Water (in Salt Waters)	All lands under water					
	MHW to MLW (intertidal)					
	MLW to state seaward bound					
	Other tideland classes*					
	* Some states have submerged lands or tidelands classes, for example, class 1 and class 2, filled vs. flowed, or intertidal vs. subtidal.					

	Marine Entity	Relevant in your state (Y/N)	In digital spatial form (Y/N)	In central repository (Y/N)	Authoritative Source responsible for creating and maintaining data	Known problems or limitations
Ownership of Lands Under Water (in Salt Coastal Waters)	Federally owned (within 3 n.m.)					
	State owned	Y				
	State parks owned	Y	Y	NYS GIS Clrnghs	Office of Parks, Recreation, and Historic Preservation	NYS Historic Sites and Park Boundary, incl. marine parks. Examine for marine bounds of coastal parks.
	Local government owned	Y				Especially (or exclusively?) on Long Island
	Tribe owned					
	Privately owned	Y				The Nature Conservancy - Blue Point property in Great South Bay
	Deed restrictions, easements					
				NYS GIS Clrnghs	NYS Office of Real Property Services	Real Property Data - Yearly from 2004-2009 - Points for parcel visual centers & attribute data from local gov assessment rolls. Examine for intertidal and subtidal properties.
				NYS GIS Clrnghs	CSCIC	NYS Public Land Boundaries (Federal, State, and some county and municipal). Examine for marine boundaries.
		Partial	OGL Data Catalog	Westchester County Dept of IT?	Public beaches. Lower Hudson only.	

	Marine Entity	Relevant in your state (Y/N)	In digital spatial form (Y/N)	In central repository (Y/N)	Authoritative Source responsible for creating and maintaining data	Known problems or limitations
Subaqueous Leases and Other Place-based Use Authorizations	Leases and other place-based use authorizations convey some exclusive right at a specified location or within a specified area. The activities listed below, as examples, are relevant in your state if they exist and require leases or other place-based use authorizations. Please customize this list for your state.					
	Oil or gas lease					
	Alternative energy					
	Sand or gravel					
	Aquaculture					
	Off-shore ports					
	Cables and pipelines	Y	Y	NYS GIS Clrnghs	Office of General Services NYS Public Service Commission	Gas transmission lines (1994) and Electric transmission lines (1993). Examine for coastal and marine cables and pipelines.
	Dredge disposal	Y	Y	OGL Data Catalog	NYS Dept of State, Div of Coastal Resources	Long Island South Shore; not known whether this indicates authorization or use
	Sea grass restoration					
	Shellfish restoration					
	Docks and piers	?				
	Marinas		Partial	OGL Data Catalog	Westchester County Dept of IT?	Marinas, Lower Hudson only.
	Shoreline stabilization					
Other shoreline structures (please specify)						

	Marine Entity	Relevant in your state (Y/N)	In digital spatial form (Y/N)	In central repository (Y/N)	Authoritative Source responsible for creating and maintaining data	Known problems or limitations
	Non-water-dependent uses					
Marine Managed Areas (for study, planning, protection, safety, regulation, and other purposes)	List MMAs appropriate for your state. Marine managed areas are diverse and may include regulated areas, navigation channels, fisheries management zones, marine sanctuaries, research reserves, national or state parks, wildlife refuges, lease blocks, disposal sites, no discharge areas, military restriction zones, speed or safety zones, native fishing rights, aquatic preserves, shellfish closure or growing areas, designated harbors and anchorage areas, pipeline and cable corridors, designated shipping lanes, and marine planning areas.					
	Shellfish closure areas	Y			Dept of Environmental Conservation	
	Harbor Mgmt Plans	Y			Ocean and Great Lakes Program	Currently, only Harbor Mgmt Plans are on Great Lakes
	Significant Coastal Fish and Wildlife Habitat	Y	Y	NYS GIS Clrnghs	Ocean and Great Lakes Program	statutory designations
	Scenic Areas of Statewide Significance	Y	Y	NYS GIS Clrnghs	Ocean and Great Lakes Program	Currently, there are no marine SASS.
	Coastal Area Boundary	Y	Y	NYS GIS Clrnghs	Ocean and Great Lakes Program	OGLP only maintains inland boundary. Draft as of 2003.
	Long Island South Shore Estuary Research Reserve	Y				
	No Take Zone	Y	Partial	OGL Data Catalog		Long Island Peconic Bay only
	NYS Heritage Areas	Y	Y	NYS GIS Clrnghs	OPRHP	covers 20 areas designated since 1977 - not known if these include marine areas
	National Register Sites	Y	Y	NYS GIS Clrnghs	OPRHP	excludes archeological sites
	Critical Natural Resource Areas	Y	Partial	OGL Data Catalog	Peconic Estuary Program	Long Island Peconic Bay only
Navigation Channels	Y	Partial	OGL Data Catalog	Westchester County Dept of IT?	Lower Hudson only
